

SIP Steering Committee

SIP, Regulations, OTC Updates

October 2, 2014

Infrastructure SIPs

- MassDEP submitted iSIPs to EPA on June 6, 2014 for 2008 ozone, 2010 NO₂ and 2010 SO₂ NAAQS
- New NAAQS trigger review of SIP adequacy
- MassDEP iSIPs document adequacy of existing programs to implement the new NAAQS
- EPA is currently reviewing iSIPs

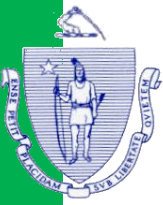

RACT

- MassDEP is currently developing a RACT SIP for the 2008 ozone standard
- CAA requires RACT SIP within 2 years of designation (7/20/14)
- The RACT SIP is an assessment of whether current rules/emission limits constitute RACT
- MassDEP RACT SIP will include adoption of EPA Control Technique Guidelines

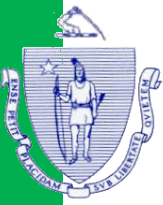

CO Maintenance Plan

- MassDEP is developing a carbon monoxide 10 year Maintenance Plan for Boston.
- CAA requires maintenance provisions for all areas redesignated to attainment.

Regulation Update

- Stage I/II
- MWC Rule
- MassCAIR replacement rule/program
- CTGs
- Appendix C Operating Permit GHG revision

OTC Update

- OTC Actions at 6/11/14 meeting:
